

## Quality Policy

**Project Environmental Solutions Ltd. is committed to delivering projects which are recognised for their quality, vision and innovation and in doing so we believe that we will develop a business that can grow sustainably in the long-term for the benefit of our employees, clients and shareholders.**

### **We will:**

- Provide services of recognised value and quality to assist our clients to meet their desired outcomes.
- Achieve a service and performance level which will maintain and support the long-term success of the business.
- Engage with our employees to ensure they understand that they have a key role in not only the quality of their own deliverables, but also to identify ways in which the business and can better its working practices and processes to enhance the overall quality of our services.
- Comply, as appropriate, with our client's quality management requirements and where relevant with any relevant industry working practices and standards we are requested to consider.
- Aim to continually enhancement our performance by review and enhancement of our practices and procedures.
- Create an environment where capable and dynamic people are attracted to work for and with our Company and provide opportunities for our staff to develop rewarding careers.
- Propagate mutual respect in our dealings with colleagues, clients, and suppliers.

In order to achieve the aims of this policy and continually improve our quality performance, we will continue to develop our management system in accordance with the principles of BS EN ISO 9001:2008.

Philip Smith - Director
